Subject **2.02 Review Morro Bay High School Site Plan**
Meeting May 22, 2015 - Special Meeting - Measure D Study Session
Category 2. DISCUSSION
Type Discussion

Prepared and Presented by: Ryan Pinkerton, Assistant Superintendent Business Services

The Board of Education, prior to the election, set priorities for projects and budgets at Morro Bay High School. Those projects and budgets have been posted on the website and have led the discussion at the site. Approximately \$60 million dollars has been allocated to renovate Morro Bay High School.

In order to get input from the teachers, staff, parents, and students, a committee was formed to work with the architect and provide further clarity to the projects and input about the renovation possibilities. The committee was asked to stay big picture and to try not to focus on their particular interest. Many ideas came out of the committee as well as some design recommendations. KBZ architect Joe Wilcox and Dr. Pruitt will share the process thus far.

Following the review, we will be seeking Board input on the current ideas that have come out of the site committee and the district team meetings. After receiving input from the Board, we will take those ideas, along with the committee and district team, and put together a recommendation for moving forward with the renovations at Morro Bay High School.
